This decision is issued in response to applicants' "Petition to Accept Oath or Declaration under 37 CFR 1.47(a)" filed 30 May 2008 to accept the application without the signature of joint-inventor, Ashton R. Adams.

### **BACKGROUND**

On 16 February 2005, applicants filed international application PCT/US05/04950 which claimed a priority date of 17 February 2004. Pursuant to 37 CFR 1.495, the thirty-month period for paying the basic national fee in the United States expired at midnight on 17 August 2006.

On 09 June 2006, applicants filed a transmittal letter for entry into the national stage in the United States, which accompanied by, inter alia: the requisite basic national fee as required by 35 U.S.C. 371(c)(1); a copy of the international application; and a copy of the international search report.

On 29 November 2007, the United States Designated/Elected Office mailed a Notification of Missing Requirements under 35 U.S.C. 371 (Form PCT/DO/EO/905) indicating that an oath or declaration in compliance with 37 CFR 1.497(a) and (b) must be filed. The notification set a two-month time limit in which to respond.

On 30 May 2008, applicants filed a petition under 37 CFR 1.47(a).

### DISCUSSION

A petition under 37 CFR 1.47(a) must be accompanied by (1) the fee under 37 CFR 1.17(h), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and behalf of the non-signing joint inventor.

Applicants here have submitted the appropriate petition fee. Item (1) is therefore satisfied.

Regarding item (2), the petition asserts that the nonsigning inventor has refused to execute the declaration. Before a refusal to execute the application can be claimed, section 409.03(d) of the MPEP requires that the nonsigning inventor be provided with a copy of the complete application, including specification, drawings and claims. The MPEP also requires "a statement of facts by the person who presented the inventor with the application papers and/or to whom the refusal was made."

Here, the evidence submitted to demonstrate Ashton R. Adams's refusal to execute the application papers is contained in the "Declaration of Cynthia L. Baldemor" (and statements of David M. Ostfeld) included in the petition, and the exhibits thereto. These materials provide the required firsthand statement regarding the delivery to the nonsigning inventor of a copy of the complete application, and the nonsigning inventor's refusal to execute the application, with documentary evidence supporting the statement. Item (2) is therefore satisfied.

Regarding item (3), applicants have provided the last known address of the nonsigning inventor. Accordingly, item (3) is therefore satisfied.

Regarding item (4), section 409.03(a) of the Manual of Patent Examining Procedure ("MPEP") states that:

An oath or declaration signed by all the available joint inventors with the signature block of the nonsigning inventor(s) left blank may be treated as having been signed by all the available joint inventors on behalf of the nonsigning inventor(s), unless otherwise indicated.

Here, applicants have filed a declaration executed by one of the two inventors and including an unsigned signature box identifying the nonsigning inventor (Ashton R. Adams). This declaration is treated as having been executed by the available inventors on their behalf and on behalf of the nonsigning inventor. Item (4) is therefore satisfied.

For the reasons stated above, it is appropriate to accept the application without the signature of Ashton R. Adams under 37 CFR 1.47(a) at this time.

**CONCLUSION**

The petition under 37 CFR 1.47(a) is **GRANTED**.

As provided in 37 CFR 1.47(c), a notice of the filing of this application will be forwarded to the nonsigning inventor at his last known address of record.

A notice of the filing of the application under 37 CFR 1.47(c) will be published in the Official Gazette.

This application is being returned to the United States Designated/Elected Office for processing in accordance with this decision.

Dear Ashton R. Adams:

You are named as an inventor in the above identified United States patent application, filed under the provisions of 37 CFR 1.47(a) and 35 U.S.C. 116. Should a patent be granted, you will be designated as an inventor.

As a named inventor, you are entitled to inspect any paper in the file wrapper of the application, order copies of all or any part thereof (at a prepaid cost per 37 CFR 1.19) or to make your position of record in the application. Alternatively, you may arrange to do any of the preceding through a registered patent agent or attorney presenting written authorization from you. If you care to join in the application, counsel of record (see below) would presumably assist you. Joining in the application would entail the filing of an appropriate oath or declaration by you pursuant to 37 CFR 1.63.
